Settembrini reformulates the basic premises of the image of the subject as a tabula rasa in terms that are recognizably photographic; that is, the newly emergent medium seems to have informed the conventional topos, and simultaneously to have altered its traditional representation of both the self and its Bildung. The classes are grueling, the trials can drive recruits mad, and the magic taught can be as deadly to the caster as it is to the target. A business plan organizes your strategy.
